

Police: Follow the Law & the Constitution

- **Access Property Retrieval 9-5 Daily Not Just 4 Hours on Tuesday, 2 on Thursdays**
The SCPD currently often picks up crucial survival gear and personal items when it gives out move-along \$200 tickets to the unhoused for “camping” (using “no trespassing”, “closed areas”, “blocking the sidewalk”, “public nuisance”, & “illegal lodging” pretexts).
- **End SCPD Towing of Vehicular Homes For Small Numbers of Parking Tickets**
The SCPD is towing the vehicular homes of those who have no shelter for 5 or more unpaid parking citations. It needs to stop. Also charge “we own the sidewalks” housed residents who falsely file complaints against those parked for less than 72-hours with misdemeanor citations.
- **Speak Out Against Vigilante Harassment of Homeless Vehicles and People**
Chief Mills must speak out against on-line hate speech against those living outside and lead by example in not spreading anti-homeless smears and mythologies on the SCPD website.
- **Stop Police/Ranger/1st Alarm Forcing People Out of Garages Into the Rain**
Those sheltering themselves from rainstorms and near-freezing temperatures report they have been evicted from vacant city-funded parking garages with no alternative shelter offered by First Alarm security and police agencies. This violates the recently upheld *Martin v. Boise* decision.
- **End Tent Seizures & Camp Sweeps—Supreme Court says *Boise v. Martin* is law**
City and County authorities refusing to spend the millions it’s received recently on Winter Shelter leaving them little or none They must provide their own camps without being driven away...to nowhere.
