

The Haitian Revolution of 1804.

"The impact of the Haitian Revolution was immeasurable. It was significant to the history of the Atlantic slave system, to the history of de-colonial and anti-imperial struggles, to the history of France, and to the history of the United States. To other slave societies, the Haitian Revolution became an example of what could be accomplished and a source of hope that figured prominently in the imaginations of enslaved peoples across the New World."

— Ashleigh Shoecraft

Our speakers will be **Pierre Labossiere**, Co-Founder of the Haiti Action Committee (HAC) and the Haiti Emergency Relief Fund (HERF) and **Gerald Smith**, co-founder of the Oscar Grant Committee
