The Main Stream Media (MSM) is so full of lies, it's got the masses confused!! There are only a few places we can get the truth. Chelsea and Julian were two of the most important WHISTLE BLOWERS to tell the truth about USA's illegal, immoral WARS. USA is one of the largest TERRORIST countries in history, killing, wounding, and forcing emigration on millions (did you know there are 65 million migrants?) all over the world!!

Saving Chelsea and Julian is EXTREMELY IMPORTANT!! To the Working class and it's Allies. They told us the truth about the wars! And all the NEW MacArthyism (phony Russia Gate conspiracy led by the New York Times) is blaming Julian for being a puppet of Russia. So much of all our issues stem from the honesty of Chelsea Julian!! and Wekileaks.org

Please write letters to Chelsea (only hand written and no post cards or pictures, or anything written on the outside of the letter) Write to: Chelsea Elizabeth Manning, William Truesdale Adult Detention Center, 2001 Mill Road, Alexandria Va. 22314. Also write julian writejulian.com
