

Stop Chief Mills 7-Point Anti-Homeless Measures !

In the wake of the real estate lobby's recall of Krohn and Glover, Chief Mills is pushing his plan to remove visible homeless people from public spaces with a 7 point plan.

(1) Banning Tents During the Day, (2) Making Possession of Syringes a Crime in Public Places, (3) Declaring Pacific Avenue a "Park" to Allow Police-Initiated Stay-Away Orders, (4) Criminalizing Bike Repair in Public Places, (5) Driving Away Vehicular Homes from West Cliff, (6) Increasing Legal Pressure on Homeless "Crime", (7) Shopping Cart Criminalization.

The Mills 7-point program in its rather nebulous form can be read at https://www.indybay.org/uploads/2020/02/01/brw0c96e62b6922_000102.pdf .

Two homeless advocates (Phil Posner and Steve Pleich) respond at <https://www.indybay.org/newsitems/2020/02/13/18830650.php> ("Community Members Access Chief's Quality of Life Proposals").

I critique Mills and the Pleich/Posner response at <https://www.indybay.org/newsitems/2020/02/15/18830713.php> ("**More Punch and Less Puff Needed in Countering Police Chief's Proposals**")
