- Management did no outreach to the residents, nor consulted the Health Department.
- The residents were informed two days before the spraying on Saturday April 17<sup>th</sup>.
- Disabled and Elderly People live in these complexes and will be impacted.
- The Women's Jail is just across the street.
- Round-up will be used in massive amounts, near downtown.
- If it's not stopped here, it may become common practice.
- Less harmful weed-killers have been successfully used here in the past.
