

SUPPORT THE UNITED NATIONS VOTE AGAINST THE BLOCKADE! LET CUBA LIVE!

**Saturday Oct. 25th 11AM - 1PM
@ Grand Lake Theater, Oakland
3rd Annual Human Billboard in Solidarity with Cuba**

Since the Trump/Rubio diabolical duo have taken office they have ramped up the deadly economic war against Cuba. The Cuban government's annual report on the impact of the blockade accuses the U.S. government of "surgically and systematically" targeting the main sources of revenue for the Cuban economy. Some of the major escalations include:

- Putting Cuba back on the "State Sponsors of Terrorism" list
- Sanctions & threats against companies supplying fuel to Cuba
- Sanctions that block financial transactions & remittances
- Targeting Cuba's international medical cooperation brigades
- Trying to stop tourists from visiting the island

THIS OCTOBER 29, THE UN GENERAL ASSEMBLY WILL VOTE FOR THE 33RD YEAR IN A ROW TO END THE BLOCKADE AGAINST CUBA. LAST YEAR ONLY ISRAEL AND THE U.S. VOTED TO CONTINUE THIS CRIMINAL STRANGULATION OF THE CUBAN ECONOMY.

CUBA STANDS IN SOLIDARITY WITH VENEZUELA AND PALESTINE!

The escalating economic warfare against Cuba is taking place as the U.S. has launched an unprecedented military buildup off Venezuela's coasts under the false pretext of anti-drug operations. Over 21 people have been killed in four unprovoked bombings of small boats. These criminal actions are aimed at Venezuela but threaten the entire region. Cuba has strongly condemned the strikes and reaffirmed its solidarity with Venezuela.

At the same time, Cuba has been at the forefront of international solidarity with Palestine, repeatedly denouncing the genocidal and ethnic extermination of Palestinians in Gaza and joining South Africa's case against Israel at the International Court of Justice.

CUBA SHOWS THAT A BETTER WORLD IS POSSIBLE!

Cuba has been a threat to the U.S. for sixty-six years because it shows that a better world is possible, one that is based on the protection of human rights, human dignity and international solidarity. It shows that it is possible to build a society with universal healthcare, a 99.7% literacy rate, comprehensive LGBTQ rights and protection of those that face political persecution, such as Assata Shakur.
