Join Veterans the day after Veterans Day to nonviolently demand that Travis stop sending arms to Israel & that it also stop aiding mass deportations! Travis: RESIST!

Despite the "ceasefire" Israel continues its mass slaughter and forced starvation of Gaza. Regardless, the Trump Administration and Congress continue to arm Israel. Appallingly, Travis Air Force Base is participating in these weapons shipments.

To make matters worse, TAFB has also shamefully assisted the Trump Regime in illegal mass deportations that tear families apart while terrorizing our communities.

**TELL TRAVIS:**  
**No Arms for Genocide!**  
**No Deportations!**
